OLD BUSINESS				
4.	2025 CAR SHOW:	<ul style="list-style-type: none"> - Bud reported that O'Reilly's Auto Parts normally helps sponsor car shows in their immediate areas. And, that there are no stores near Memorial Road. But, he discussed other possible promotionals. - Jim noted that he is still looking into a possible drone operator for the show; including overhead car pictures and a video of the show. He reported that he still plans to do the regular staged photos for certificates. - Frank discussed promotion of the show, emphasizing that the best way to do this is pass out show flyers at other car shows we attend. - Frank noted that he will work on the certificates for the show; and still pursue a combined 2026 show with the NEO MOPARS in Tulsa. - Jim noted that he is looking into some youth activities for the show, like coloring books. - Bob noted that Roger is interested in doing tee shirts for the show. There was a short discussion about whether this is worth doing considering our past history of retaining so many shirts after the show. And, Frank noted that a tee shirt 		

		would require a more professional graphic than the simple one we are using for the show flyer. - Drinks and water for the show were discussed; with the consensus being that very little water is needed considering the restaurant venue.
